

| AG-9RFID UHF RFID Panel Antenna w/ Articulating Mounting Bracket Multi-Application RFID Antenna | |
|--|---|
| RFID Technologies | Multi-Application Gen 2 RFID Technologies |
| RFID Frequency Range | 860MHz – 960MHz |
| Horizontal Half-Power Beamwidth | 65° |
| Vertical Half-Power Beamwidth | 65° |
| Gain | 9dBi |
| VSWR | ≤1.3 |
| Front to Back Ratio (dB) | ≥18dB |
| Axial Ratio (dB) | 2dB |
| Polarization | Left Hand Circular or Right-Hand Circular |
| Impedance (Ω) | 50 Ohms |
| Max. Power | 50W |
| Mechanical / Environmental Specifications | |
| Dimensions | Height: 10.23" / 260mm Width: 10.23" / 260mm Depth: 1.4" / 35mm |
| Radome Material | UV Stabilized ABS - White |
| Operating Temperature | -40° ∼ 158° (°F) |
| Humidity % / Ingress | 5% ~ 95% / IP66 (For Inside / Outside Use) |
| Vibration Standard / Wind Rating | MIL-STD-810 / 125 mph |
| Net Weight | 2.2lbs / 1.1kg Includes Mounting Hardware |
| Coax Cable | 8ft AGA200 Coax Cable – Custom Cable Lengths Available |
| RF Connector Type | RP TNC Male – All Standard Connector Ends Available |
| Mount Type | Articulating Tilt Bracket Mount Hardware Included Pole / Mast / Wall Mounting (Pole / Mast Mount Diameter 1"~3") |

AG-9RFID RFID Series Antenna Includes Articulation Mounting Bracket w/ 2 x Clamps "Built To Spec" Custom Cable Options are Available. Contact us for details.

AG-9RFID UHF RFID Panel Antenna w/ Bracket Mount For Passive UHF RFID Installations Articulating Bracket Mount / Inside or Outside Use 860MHz – 960MHz

| AG-9RFID UHF RFID Panel Antenna w/ Articulating Mounting Bracket Configurations | |
|--|---|
| Configuration Options | AG-9RFIDR-8-RPTNCM: UHF RFID RHP Panel Antenna w/ 8ft Coax Cable – RP TNC Male AG-9RFIDL-8-RPTNCM: UHF RFID LHP Panel Antenna w/ 8ft Coax Cable – RP TNC Male |
